Sign Standoffs

Hidden Standoff

A simple but effective way of fixing display panels to a wall using a clear polycarbonate corner fitting which fixes to the rear of the panel with a strong adhesive pad or screws and then locks into a wall mounted spacer 20mm in diameter.

Nickel 14 320 15 20mm deep.

Standoff Wall Track

Ideal for situations where there is an uneven wall surface. Made from anodised aluminium the tracks are suitable for mounting multiple signs which can easily be removed or replaced. Supplied with 16 screws and Washers for fixing all our range of standoffs.

Aluminium 14 002 13 1400mm long.

Easy Fix Standoff

The rear spacer and inner barrel can be screwed together and fixed on to the sign before being taken on site. The anti tamper top cap then clips onto the inner barrel after the sign has been fixed to the wall.

Chrome 14 340 10 15,20,8,12mm

Stainless Raised Washer and Screw

Ideal for both interior and exterior fixing of stainless and Plastic signs. The screw and raised stainless washer is supplied with a rubber under washer to prevent scratching.

Stainless 14 321 17 15mm diameter.
