Promotor's

Original Promotor

This unit must be regarded as the first in its field when it was designed many years ago. Produced with interchangeable tops and bottoms to allow the umbrella or double-sided fascia to be used on either the right or left side. The vacuum formed top, shelf, and bottom complete with polypropylene body, fascia and poles all pack neatly into their own tailor-made PVC coated nylon carry bag.

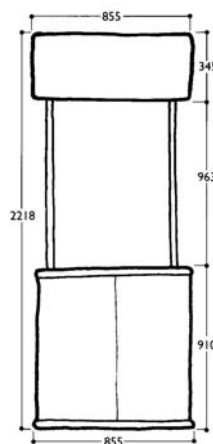

Champion Promotor

This unit is the largest and is very different from all the other Promotor's. With a curved bar shape and smooth top. The whole unit including poles and fascia pack away neatly in its own nylon carrier bag.

Classic Promotor

A direct development from the "Original Promotor" with lots of improvements. Unit when not in use stows away in its own nylon carry bag

All units can be branded with your Company logo and colours.

ACRYLIC DESIGN

& Fabrication Company Limited.

Unit 5a Dunboyne Industrial Estate,
Dunboyne, County Meath.

Promotor's

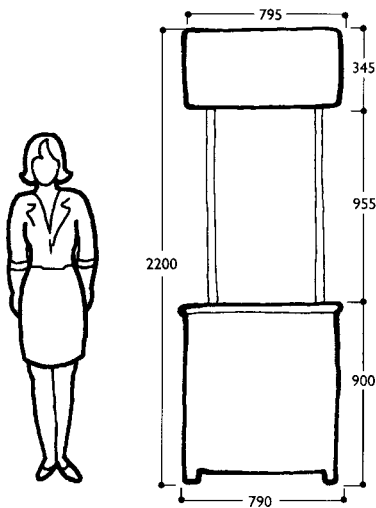

Budget Promotor

Designed not only as an alternative to other promotors but with an interesting new shape and lower price. The Budget promotor is a low cost display counter ideal for use as a portable demonstrator, promotional sampling stand.

Merit Promotor

The sister of Budget is different in having a second shelf, an optional rigid top for extra strength and a two pole fascia which all packs neatly into its own tailor made black PVC coated nylon carry bag.

All units can be branded with your Company logo and colours.

Promotor's

Mini Promotor

Have been designed to work with other Promotor's because they are almost square in shape or where floor space is at premium. They pack down into their own carry bag for easy transportation.

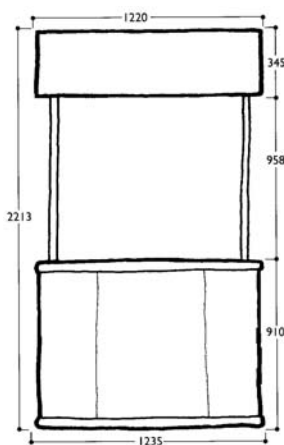

Plus Promotor

This unit is the second largest in the range it comes with either one or two shelves. Please specify when ordering. The unit packs away into its own carrier bag for transportation.

Action Promotor

This promotor unit has some interesting features over other promotor's, it has a flat top to maintain a high degree of cleanliness for food sampling. This unit and all its accessories pack away into its own carrier bag.

All units can be branded with your Company logo and colours.
